**COMPLEMENTARY PET FOOD
FOR KITTENS**

FILLED AND CRUNCHY

KITTEN • GROWTH SUPPORT WITH TROUT AND MILK

MONGE GIFT KITTEN WITH TROUT AND MILK is a complementary pet food for growing kittens. Specifically developed for the well-being of your kitten thanks to an external crunchy layer to support dental hygiene and thanks to a soft milk filling, a source of minerals useful for growth. A product formulated without cereals and with Trout to optimise food palatability and digestibility. The formulation is enriched with taurine for the development of the visual and neurological system and with vitamins for daily vitality. The inclusion of functional ingredients, such as brewer's yeast to support the body's defense system and salmon oil, a source of omega 3, is the result of Made in Italy research. No added artificial preservatives and sugars.

COMPOSITION: Potatoes, dried trout (10%, equivalent to 25% of fresh trout), dried salmon, peas, animal fat (purified at 99.5%), cow's milk powder (4%), hydrolysed animal proteins (liver), fish oil (salmon oil 0.5%), brewer's yeast (0.5%), minerals.
